

Short Listing Criteria for Environmental Consultant (EC) for Supporting Implementation of PAF's Environmental Management Framework in Program Districts

All single consultants or one of the JV partner (consultants) must comply with the eligibility criteria. The consultant not meeting the eligibility criteria will be screened out at the beginning and will be out of short listing. Further ranking criteria evaluation is not necessary for them. The consultant must comply with the eligibility criteria and score at least 50% mark on the ranking criteria for qualifying in the short listing below. However, only top five consultants in the merit list will be short listed.

Short List Criteria
